

To whom it may concern,

I would like to express my outrage that the National Association of Broadcasters are lobbying Congress and the Federal Communications Commission to limit XM's ability to provide "locally oriented" content, including the XM Instant Traffic & Weather channels.

The reason I am willing to pay for XM Radio, is for a service that provides variety and quality that are not available elsewhere. I feel that it should not be up to the NAB to dictate what I am are permitted to hear, since I do PAY for this service.

I respectfully urge the FCC to reject the NAB's petition 04-160.
